'No reports on gold discovery at Bukit Lata'

TUMPAT: The Kelantan government has yet to receive any reports from the Land and Mines Office or the Mineral and Geoscience Department on the alleged discovery of rocks believed to contain gold at Bukit Lata, Rantau Panjang. Kelantan Deputy Menteri Besar Datuk Mohd Amar Nik Abdullah said that any action would be taken based on reports received from the two departments. "We will wait for the report first," he said after officiating the D'Terapung 7 Restaurant in Pantai Sri Tujuh on Monday. Earlier, the discovery of the glittering rocks believed to be gold at a construction site of a flood mitigation project at Bukit Lata went viral. Amar said that many areas in the state had been detected as gold resources areas, such as Sokor Taku, Tanah Merah and Jeli. **Bernama**
